

# PolarPlex™ Swing Doors

## Product Information Sheet

Swing Door is Light yet Durable

### Swing Doors

Swing doors mount to raised or slab floor and can be installed independently of rack type. Doors come in a set that attaches to floor with footpad and to either the rack or ceiling with brackets or unistrut. Door inserts are twinwall polycarbonate panels to let light through and keep weight light.

Swing Doors - Clear Twinwall Panels

Sliding Doors—Supports with Own Frame
